

RCMS-PS-IGER SEMINAR

Prof. E. Peter Kündig

Professor
University of Geneva

New chiral NHC ligands for the catalytic asymmetric arylation of amides and the enantioselective C(sp³)-H activation

Oct 8, 2013 (Tue) 16:30–18:00
Noyori Materials Science Laboratory 2F, Lecture Room

Host: Masato Kitamura
Graduate School of Pharmaceutical Sciences
